# THE LITTLE KNOWN HISTORY OF THE LOST VIKING EXPLORERS

This is the history of \_\_\_\_\_ first name \_\_\_\_\_ the \_\_\_\_\_ adjective.  
(name) was born in 968 and even as a young baby showed a(n) \_\_\_\_\_  
adjective aptitude for traditional Viking life by teething on a(n) \_\_\_\_\_  
noun and \_\_\_\_\_ present tense verb with a(n) \_\_\_\_\_ animal \_\_\_\_\_.

When he was 9  $\frac{3}{4}$ , he joined the crew of an expedition to \_\_\_\_\_  
place with his \_\_\_\_\_ relative to try and find \_\_\_\_\_ plural noun \_\_\_\_\_. After  
several \_\_\_\_\_ adjective days at sea, they saw some \_\_\_\_\_ plural noun \_\_\_\_\_ in  
the distance. When they landed, they found that the place was filled  
with \_\_\_\_\_ plural noun, \_\_\_\_\_ plural noun and \_\_\_\_\_ plural noun \_\_\_\_\_. They were filled with  
emotion \_\_\_\_\_ at this \_\_\_\_\_ adjective discovery! After a(n) \_\_\_\_\_ adjective  
debate, they decided to call the place New \_\_\_\_\_ noun \_\_\_\_\_ Land.

Being somewhat \_\_\_\_\_ quality \_\_\_\_\_, they had trouble deciding what to  
do next. Should they share their \_\_\_\_\_ adjective discoveries with  
other Vikings? Should they stay and start a new \_\_\_\_\_ adjective life  
here? Or should they return but keep this a(n) \_\_\_\_\_ adjective secret?

Before they could decide, an \_\_\_\_\_ adjective \_\_\_\_\_ noun came and  
destroyed their \_\_\_\_\_ adjective boats. Unfortunately, many of the  
Vikings were aboard gathering supplies. Those who were left,  
including young \_\_\_\_\_ (name) had a(n) \_\_\_\_\_ adjective meeting  
and decided their only option was to stay and open up a(n) \_\_\_\_\_  
adjective \_\_\_\_\_ modern tourist-related business.

Several \_\_\_\_\_ adjective decades later, another Viking explorer named  
Leif was lucky enough to find their \_\_\_\_\_ adjective establishment, and  
upon his \_\_\_\_\_ adjective return to Viking society, was thus  
named "Leif the Lucky".
